ADDENDUM TO NOVEMBER/DECEMBER REPORT AND LEGISLATIVE UPDATE

Surf City CSRM Beach Renourishment Project

We have continued our work on urging the Army Corps of Engineers to proceed with approval for the Surf City CSRM renourishment project. In early December, we spoke with Jack Best of Congressman Rouzer's office, and we are coordinating our efforts to continue to prompt the Army Corps of Engineers to proceed with approval for the Surf City CSRM arrangement. It is now our understanding that OMB approval is directly connected to the Assistant Secretary of the Army for Civil Works' approval and will not require a subsequent separate approval from OMB. Congressman Rouzer's office has contacted OMB about the status of this situation. A follow-up meeting with the ASA's office has been scheduled to occur on Monday, December 15. Both Congressman Rouzer's office and our firm will continue to press for a timely approval with the Pentagon and OMB.
